CLOSET | BOISERIES SERIES

ESTRO[®]
COLLEZIONI

CLOSET/BOISERIE SERIES

Closet with two hinged doors and panels decorated with special essences and finishes.

The doors and panels are made of lacquered wood with a handmade Degradè effect in a 100 gloss finish. Geometric inserts in Canaletto walnut essence embellish their appearance, giving a warm feeling that appeals to the observer. The movement of the metallic hammered surfaces, rigorously handmade and therefore unique, creates a movement and reflections that match perfectly with the other finishes and models of the V9 Collection.

Closet & Bishop view

Closet

CLOSET | BOISERIES
